 5 little ducks

5     1  
 5 little ducks went swimming one day, over

 +  
 the hill and far away.

     
 Mama Duck went "Quack, Quack, Quack, Quack"

+  1   
 and only one little duck came back.

You could do this in the bath or tray of water outside! Can your child bring back a duck as you sing? Maybe they count how many ducks there are, pointing to the numbers below or saying the number. Perhaps they can predict which number will come next. They might like to sing it to you, counting out the ducks they need.
