

Making Butterflies

**SPONGE
PAINT**

SIMPLE, FUN PROCESS ART

You will need:

Toilet roll tube or kitchen roll tube

Card, such as inside of a cereal box

Pens or paints

Glue or tape, and scissors

Turn your cardboard box inside out and draw butterfly wings. You can cut them out after decorating to reduce the mess!

Decorate your butterfly wings using pens, paints, glitter or collage.

You could use sponge painting (above) with a bit of sponge and peg.

Cut out the wings and stick them on to the tube. Draw on some eyes, make some antennae and your beautiful butterfly is finished!
