

Week 3: Skittles Rainbow

Week number	Objective	Activity	Resources
3 (WC 27.04)	<p>To explore the chemistry of colours in skittles</p> 	<p>Skittles rainbow</p> <ol style="list-style-type: none">1. Sort the skittles by colour (you could count the skittles too!)2. Lay some skittles out on a plate and add some room temperature water.3. The sugary colour will begin to dissolve away,4. Watch what happens – take a photo if you can and share your rainbows with us. <p>Links: maths, art, science investigation, language</p>	<p>Skittles Plate Water Camera (we want to see your designs!)
