

## Outdoor Scavenger Hunt:

- Encourage your child to go to the garden or to look out of the window for this activity. Can you find the items in the list? Tick off the items you find.
- There are three versions of this activity. You can either use the list with the unsymbolised words or the list with the symbols or the list with the photographs.
- Try to avoid reading the words/symbols/photographs to your child. Let them try to read them by themselves.

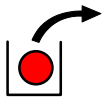

Have fun!
