

Munch Munch Sensory Bottle

You will need:

Red and green pom-poms

Googly eyes

A pipe cleaner

Glue gun

Sticky tape

Plastic bottle

Green leaves

Rice

Method

1. Glue the pom-poms together to make the caterpillar with the red pom-pom being the head.
2. Stick on 2 googly eyes and use the pipe cleaner as antennae.
3. Put the caterpillar in the bottle.
4. Put the green leaves in the bottle.
5. Sprinkle in some rice; this will add a bit of sound to the bottle.
6. Secure the lid on the bottle with either tape or glue.
