

Time Games:

Stop the Clock, Approaching Midnight

This is a game for two players. You can either use the interactive link here

<https://nrich.maths.org/6071>

and follow the instructions on the screen.

Or print off a page of blank clock faces.

How to play:

To play off line focusing on O'clock.

You will also need a dice and the printed clock faces.

1. Decide who will go first (player 1) and who will go second (player 2)
2. Take it in turns to throw the dice
3. Draw the hands on the clock to match the number thrown on the dice
4. Ask your young person to tell you the time.
