English – Writing lists

We write lists for lots of different things.

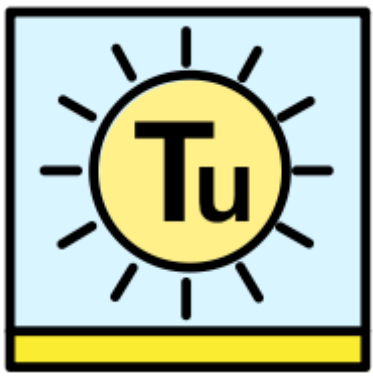

Shopping lists, a list of people to invite to our party, birthday and Christmas list or a list of jobs we need to do.

Choose from these activities or do all of them – first look at the writing lists worksheets.

- Can you help your family to write a shopping list? Check the fridge and cupboards to check what you need and make a list.
- Can you help to name our unicorn and digger? Make a list of name suggestions for them.
- Can you make a list of your favourite animals? Put your favourite animal at number 1.
- How many food items can you find in your cupboard/ fridge that start with these letters? 'S' 'T' 'P' 'C'
- Can you make a list of the items you find for each letter and write the food name on the template provided? – (alternatively use the symbols, and stick them on your template).
- Can you count how many items you found for each letter? Which letter had the most food items? Which letter had the least food items?

Download the writing frames that you want to use.

Sound walk

Take a walk with your family.

When you are on your walk look out for a stick.

Use your stick to gently tap, bang, swish and swirl things and listen to the sounds that it makes.

Can you swish long grass?

Can you swipe the stick along a fence?

Can you swirl the stick in water?

Can you scrape the stick along the pavement?

What sounds can you make?

What sounds do you like the best?
