

Greener Devon.

Being Greener is about reducing the amount of rubbish we produce and how we get rid of it.

Think about the recycling tasks you have been doing while you have been at home and remember the three important facts, **REDUCE, REUSE, RECYCLE.**

This week's task is to design a logo or a poster for a Greener Devon.

In the resources you will see a poster from the Devon Youth Parliament.

If you would like to enter the competition, that would be amazing.

You will need to follow the instructions on their poster and send it directly to them.

If you don't want to enter the competition but just want to create a poster for school, that's also amazing.

So come on you talented bunch, let's see your brilliant creations.

Don't forget to upload them onto Evidence for Learning so I can see them.

Pam
