

Project

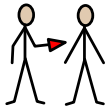

-

Film

maker

You

have been

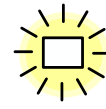

hired

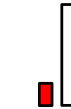

to make

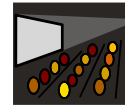

a

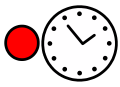

new

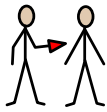

short

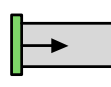

film.

Before

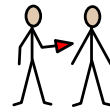

you

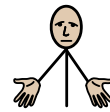

start

filming

you

need

to

decide

what

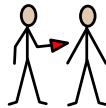

type

of

film

you

would

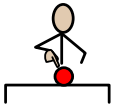

like

to

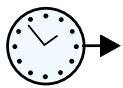

make

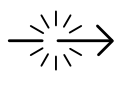

and

what

will

happen.

e.g.

For example,

I

want to

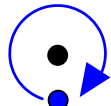

make

an

animation

about

an

animals

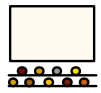

journey

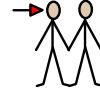

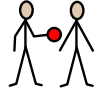

home.

Films have characters in them. Design some

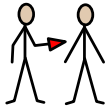

characters for your film. What are they called?

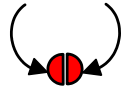

Can

you

make

a

plot

/

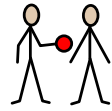

story

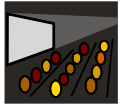

board

for

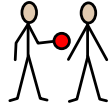

your

film?

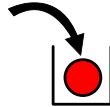

Break

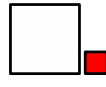

your

ideas

into

small

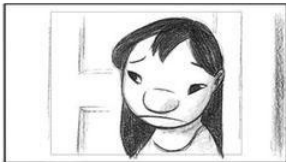

steps

to

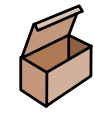

tell the story

Use

the

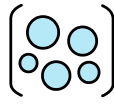

boxes

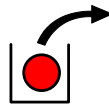

below

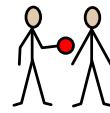

to

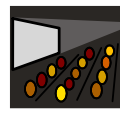

set

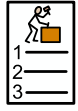

out

your

film

plan

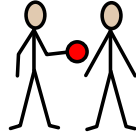

What

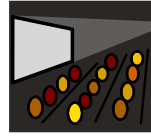

will you

call

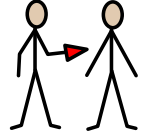

your

film?

Can

you

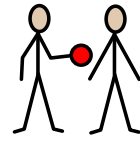

design

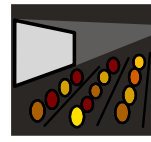

a

poster

for

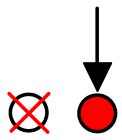

your

film?

Other

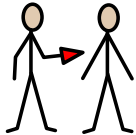

ideas

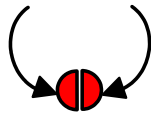

...

Could

you

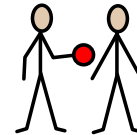

make

a

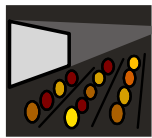

model

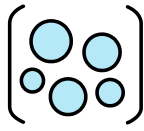

of

your

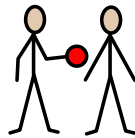

film

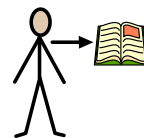

set

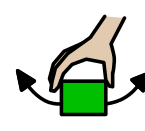

or

your

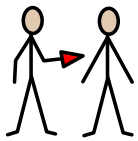

characters

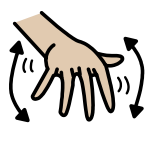

using

junk?

You

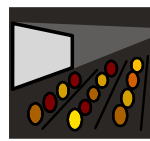

could

create

a

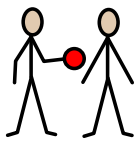

trailer

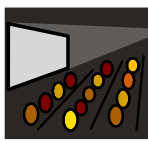

in

iMovie for

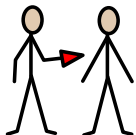

your

film.

Could

you

make your film

for

real?
