

Puffy Paint

You will need:

A mixing bowl

$\frac{1}{2}$ a cup of water

1 cup of (G/F) flour

1 cup of salt

lots of food colouring colours

What to do:

1. measure the water, flour and salt into the mixing bowl and

mix together

2. choose a colour and add the food colouring to the mixture

3

3. when mixed together you may need to put it on some

+

30

microwave sized paper and put in the microwave for 30 seconds, see

what happens

4

+

+

4. put paper in the work area and have fun painting and

exploring the texture (once cooled)

5

+

5. your adult can take a photo and show me what you have been

+

doing and your great work

6

6. Leave to dry over night.
