

DINOSAUR CREATIVE IDEAS:

- **Dinosaur bones**

Using a salt dough recipe make some dinosaur bone shapes and pop them in the oven to bake (Instructions to follow)

When they have cooled down, get an adult to hide them in sand, cereal, shredded paper etc. Using a paint brush or your hands explore the different sensory materials. What can you see? What can you feel?

- **Dinosaur bones threading.**

Using again a salt dough recipe make the dinosaur bone shapes but this time adding a hole in one end (Make the bone shape, pop it on the tray and then get a straw and pop a hole right through your dinosaur bone)

Put them in the oven and once cooled fine a shoe lace, string or wool and you have a threading activity. How many bones can you thread?
