

## The Wheels on the Bus Activities

- Can you copy Jodie with the signs on the video and sing along to the wheels on the bus.  
You can add new verses to the song, look around your home and garden to see what you can add i.e. 'the bags on the bus go clink and clank'
- Make ramps out of different things around the house that have different textured surfaces- see if the vehicles go faster or slower over each surface.  
Lift the ramp up to go faster and put it down to go slower. Can you say if the vehicle is going fast or slow?  
Whilst playing with the cars on ramps can they sing 'the wheel on the car, bike, truck etc. go up and down'.
- Cello tape coloured pens/pencils to a toy car, bus, truck and drive the vehicles over a piece of paper to see what masterpieces have been made.
- Draw a bus using shapes: Bus- rectangle, windows- squares, wheels circles  
Can you name the shapes?
- Make a bus out of blocks or Duplo bricks
- Raid your recycling and make a big bus out of boxes and other recycling bits. Put chairs/ cushions inside and go on a family bus journey, what can you see?
