How to make your own rainbow flowers

You

will

need:

6

6

white

daisies

Red,

Blue

+

and

Yellow

food colouring

6

6

small

glasses

or

jars

You

could

try

other

white

flowers

or

just

use

1

one

colour.

Instructions:

1

1. Half fill your jars or glasses with water.

2

10

2. Add 10 drops of food colouring to each one.

(See my colour mixing chart to help- remember you

might need to use more food colouring if you

have a big jar)

3

+

1

3. Cut each daisy's stem slanted and put one

in each jar or glass.

1

Wait for 1 hour- can you see any difference?

3

How about after 3 hours?

What happens if you leave them overnight?

Which colour worked the best?

I can't wait to see your flowers- please ask

your parent or carer to help put a picture to

show me on Evidence for Learning.

Good luck! Sarah-Grace
