

Underwater Hand Prints

- Paint paper with blue paint using paint brushes or sponges and leave to dry.
- Paint your child's hand, either all one colour (top picture), or paint your child's hands different colours to make stripy fishes.
- When dry, draw on a mouth, stick on a googly eye or paint an eye.
- Finger paint white spots to represent bubbles.
- Tear and stick green tissue paper at the bottom of the picture to represent seaweed.
