

Recycled Can Windsock

- You will need:
- Recycled clean tin cans
- Ideally acrylic paint and paintbrushes
- Glue gun, masking tape or duct tape
- Assorted ribbons (you could also use yarn or coloured paper)
- Scissors
- Optional extras; glitter, stickers, sequins

Recycled Can Windsock

Instructions:

- Wash and dry your tin cans
- Paint tin cans
- When the paint is dry you might want to add glitter, stickers or sequins
- Cut assorted ribbons, yarn or coloured paper
- Attach the ribbon to the inside of the can using a glue gun, masking tape or duct tape
- Attach ribbon or string at the top of your can using a glue gun or tape, to enable you to hang your windsock

Rooster Can Windsock

Here is another design you might like to recreate.

For the rooster you will need:

- Brown paint
- Feathers
- Googly eyes
- Red felt material for the skin hanging underneath a rooster's neck, known as the wattle
