Dancing

Raisins

Experiment

1

1. Start

by

filling

your

glass

with

the tonic water.

2

2. Put

a few

raisins

into

the glass

of tonic water.

They

should

start

to move

up

and

down!

3

3. Can

you

think

of why

they

are moving

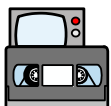

in

the bubbly

tonic water?

Watch the video

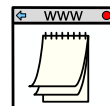

on

the home

learning

website!

Have

fun!
