and

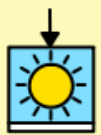

PSHE

Did you design an imaginary animal for

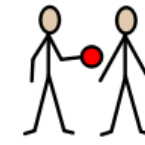

Thursday's Habitat Challenge?

Today you can make it into a puzzle.

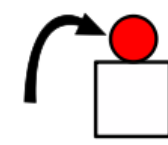

Stick

your

picture

onto

a piece of

thin

cardboard

with the glue.

Wait

for the

glue

to dry.

Use

a pencil

and a ruler to

draw

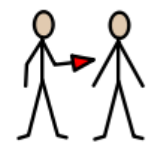

the puzzle

shapes

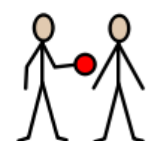

on the back

You

will need:

Your

animal

picture

(or a

picture

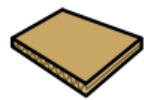

from a

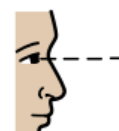

magazine)

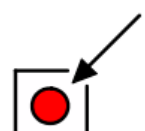

thin

cardboard

(look

in

the recycling)

glue

scissors

pencil

ruler

Use

a pencil

and a ruler to

draw

the puzzle

shapes

on the back

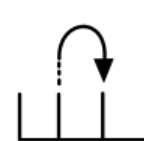

of the picture.

Use

the designs on

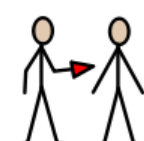

the next page

to help you.

to help you.

to help you.

Then carefully

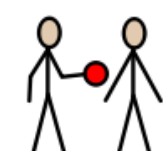

cut along

the

lines.

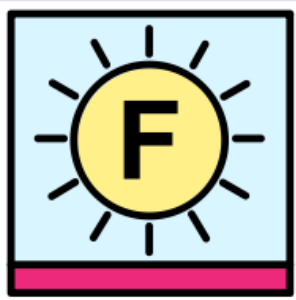

Your

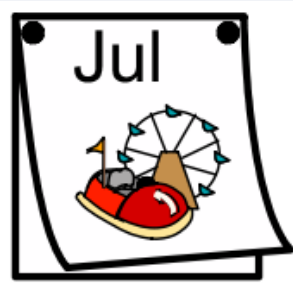

puzzle

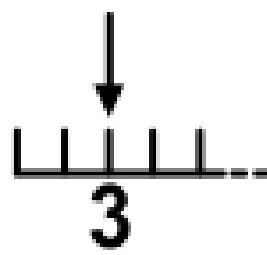

is ready!

**Puzzle tips for grown ups:**

Cut into halves – make more than one puzzle for a mix and match game

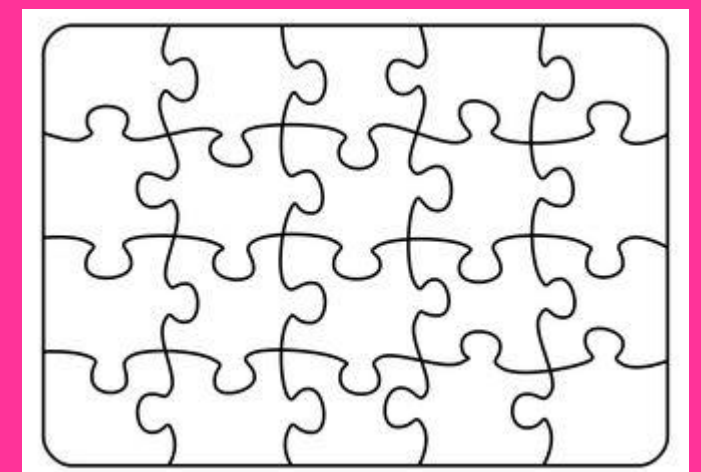

Cut into strips

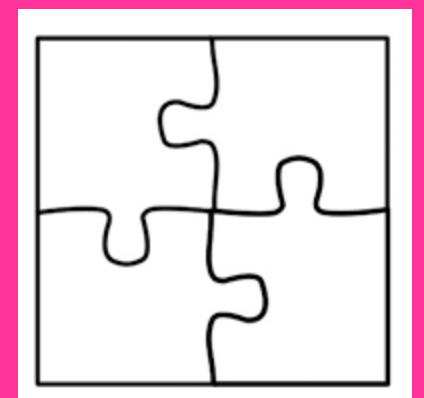

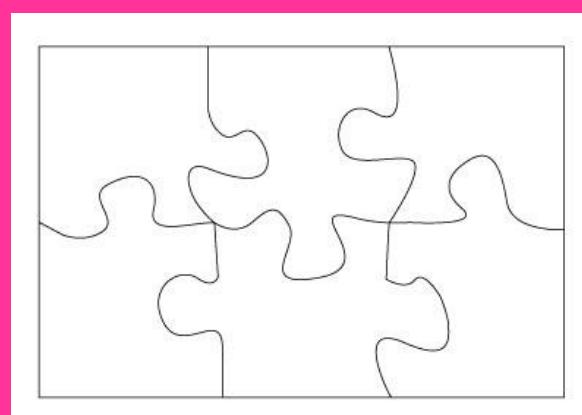

Cut into equal squares

Make up your own lines.

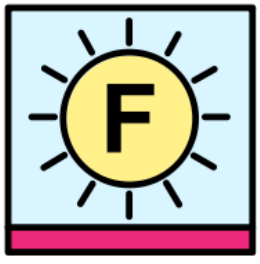

Try a more complicated pattern with pieces with tabs and holes.

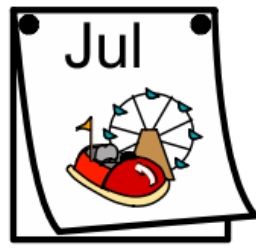

Whatever you make – please share with us on Evidence for Learning! 😊

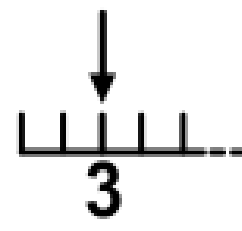

Friday

Time for a chat about

your

week.

What did

you like?

How are you feeling?

Middle finger moves up centre of chest

Have a think....

Did you learn something

new

this

week?

Share

one,

new

interesting

fact

with

someone.

Can

you

phone

a friend

or member

of your

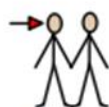

family

and

share

with

what

you

have been

learning

this week?
