ADVENTURE IN SPACE!

Get ready to blast off into the solar system - our destination is the mysterious blue planet, Venus. The activities are all inspired by Venus by the English composer Gustav Holt. Our 'big musical idea' here is call and response.

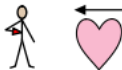

Go to Adventure in Space!

A PEACEFUL MOMENT

It's time to play some peaceful music and watch the world go by. The activities are all inspired by Pachelbel's Canon by the German composer Johann Pachelbel. Our 'big musical idea' here is playing long and short notes.
