

Hoovering tips

 Watch  Sarah-Grace  share  these tips

  
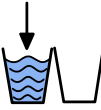

via video on our online learning page.

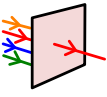

Make sure you know:

?   
where the on off button is.

? 
how the power cord works.

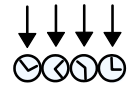

?   
how to empty the Hoover when full.

?  
where the filter is and how to clean it.

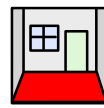

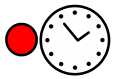

?  
If you have different parts for different surfaces.

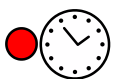

Remember!

Don't wait until the carpet or floor looks dusty, Hoover regularly.

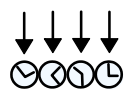

Before you Hoover, clear the floor.

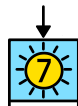

Before you Hoover, dust the surfaces.

Don't Hoover too quickly, take your time.

Make sure you Hoover regularly empty the Hoover.

Perhaps this week, you will tick off Hoovering as one

of the cleaning activities you did.
