(WC 01.06 .20)	<p>To see if you can identify different foods whilst blindfolded</p>  <p>Links: Science, communication, sensory awareness</p>	<p>How good is your sense of taste? Can you match different foods to their pictures without looking – just by tasting? You can use a blindfold to make it even more fun!</p> <ol style="list-style-type: none">1. Choose some of the foods on the picture cards that you like.2. Print and cut out the cards. Arrange them face up in front of you.3. Put a small amount of each food on a saucer or in a small pot.4. Blindfold yourself – get an adult to muddle up the saucers of food and choose one to taste.5. Take off your blindfold. Can you match the food to the card?6. Give yourself a tick on the chart if you were right!	<p>You will need:</p> <ol style="list-style-type: none">1. A blindfold2. A selection of familiar foods that you like (so there are no nasty surprises!)3. Print out and cut up the matching picture cards4. A grown up to help you!
