

Incy Wincy Spider Sensory Story Ideas

Rhyme

Suggested Resources / Activity

Incy Wincy Spider...

A toy spider can be used to represent Incy Wincy (or one made up using a pom-pom and pipe cleaners / playdough and pipe cleaners). This can be passed around the group for the children to feel.

Alternatively: Attach a length of elastic to the spider and this can be bounced up and down as appropriate throughout the rhyme. Support the children to follow the movements of the spider.

...water spout...

A cardboard tube or rolled up piece of cardboard can be used for the water spout. Incy Wincy can be made to climb up the water spout. It might be useful to attach Velcro to both the spider and the water spout.

...down came
the rain...

A water spray can be used to represent the rain. If appropriate gently spray the children with rain and support them to feel the spray. The spray can also be gently used on the spider and spout.

(The spider can be made to move down the spout again.)

...out came
the sun...

A sun can be made from cardboard. This can be moved up to represent the sun coming out to dry up the rain.

Alternatively: A torch can be used to shine on the water spout / spider. Support the children to watch the light and if appropriate feel the light shining on their skin.
