Science

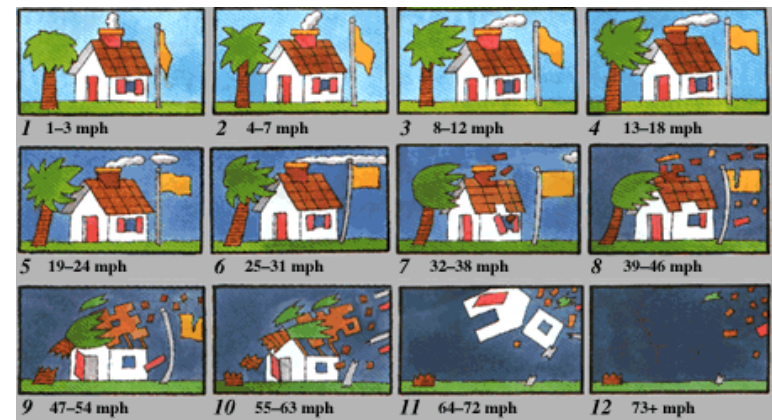

Weather

What's the weather like outside?

Is it windy today? Look out of the window.

Can you see the trees moving?

How strong is the wind? Look at the pictures and decide.

At airports there are wind socks to tell which way the wind is blowing and how strong it is to help the pilots fly the planes.

You could make your own wind sock – see instructions.

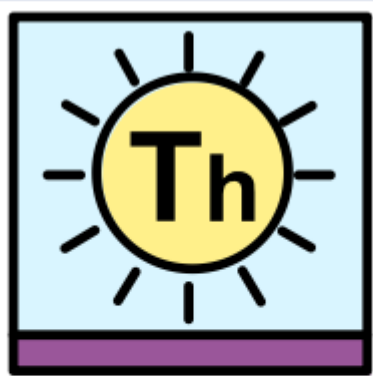

Can you make some symbols to represent different types of weather.

Make a weather board and use your symbols to record what the weather is doing each day.

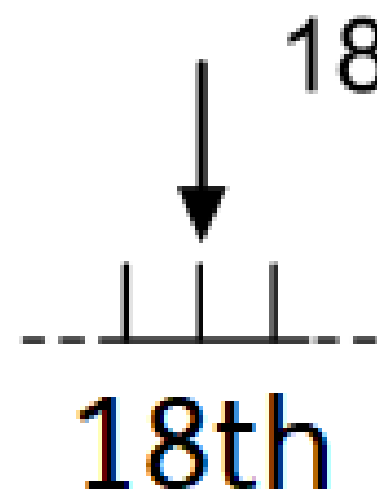

Weather Board								
	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday

Read/watch HANDA'S SURPRISE

https://www.youtube.com/watch?v=XyIV_xYi0as

Select a number of foods from the story. (Banana, guava, orange, mango, pineapple, avocado or a passion fruit).

Read the story and when you get to your chosen food items let your child explore, smell and taste.
