

?

What is Show Jumping?

Show jumping

tests

the

ability

of

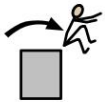

horse

and

rider

to

jump over

a

series

of obstacles

inside a

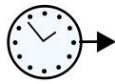

riding

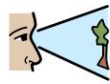

ring.

You

will

see

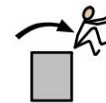

horses

and

riders

jumping over

a

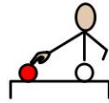

course

of 10 to 16

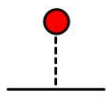

jumps

that

are up to 6ft 6in (2m)

high

or wide.

Courses

are

designed

with

many

tricky

turns

and

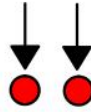

colourful

obstacles

challenging

both

the

mental

and

physical

agility of

horse

and

rider.

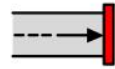

The horse/rider

teams

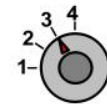

must

finish

within a

set

time

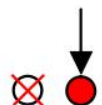

and penalties are given for

knocking down

rails

and

other

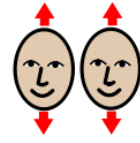

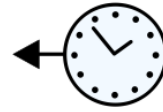

faults.

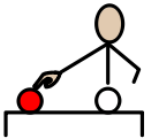

Olympic Show Jumping

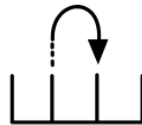

In the year 1906 it was agreed

that dressage, eventing, and

show jumping would be included in the

programme of the next Olympic Games

1908

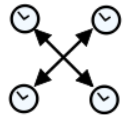

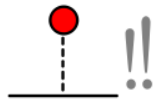

in London in the year 1908.

- How high are the fences in Olympic

Show Jumping?

- What is the highest a horse has ever

jumped?

- What age do show jumping horses retire?

$$\begin{array}{r} 2 \\ +3 \\ \hline \rightarrow 5 \end{array}$$

Answers

? 1  m  + **2**  m  The  water  jump

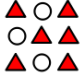

Question 1 1.6 metres tall and 2 metres wide. The water jump

 
in 4.5m long.

? 2  The highest a horse has ever jumped is 8ft or 2.47m.

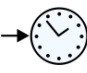

Question 2 The highest a horse has ever jumped is 8ft or 2.47m.

   
Alberto Larraguibel Morales riding Huaso in Chile in 1949.

? 3  A common age range for horses to retire from top-level

Question 3 A common age range for horses to retire from top-level

 competition is 16-18, with some others continuing on until 19 or 20.

     **20**

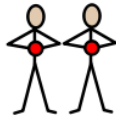

Now

watch the video

of

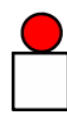

our

TA

Sarah

on

her

horse

Sandy

doing

some

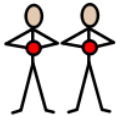

show jumping.

Then

watch

our

KS2

teachers

having

a

go

at

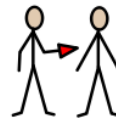

pretend

show jumping!

Maybe

you

could

try

and

make

a

pretend

show jumping

course

at

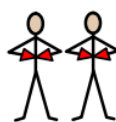

home?

Please

send

us

a

video

if

you

do!
