

Monday

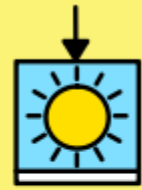

July

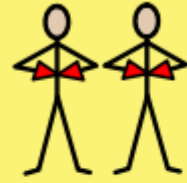

6th

Maths

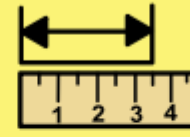

Today

we

are

Measuring

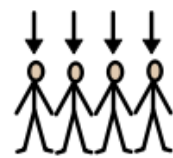

Heights.

1

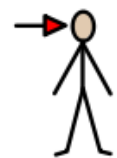

1.

Ask

everyone

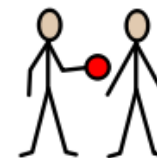

who

lives

in

your

house

to get

together

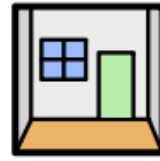

in

the

same

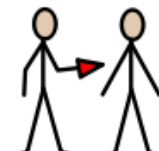

room.

2

2.

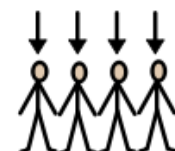

Can

you

arrange

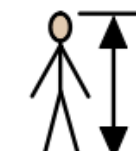

everyone

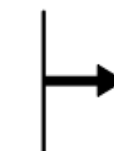

in order

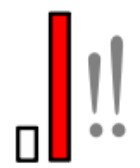

of

height

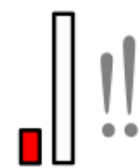

from

tallest

to

shortest?

3

3.

Now

put

yourself

in

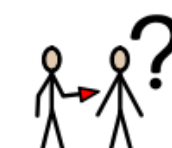

the

line.

Where

do you

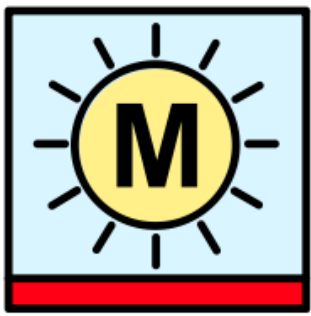

need

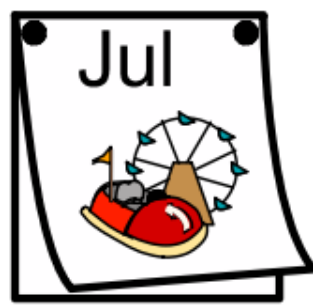

to

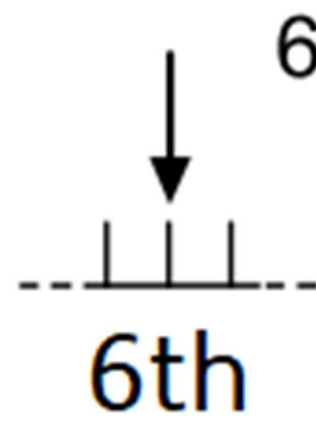

stand?

Monday

July

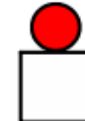

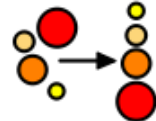

6th

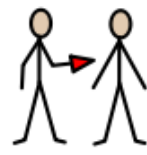

Maths

4

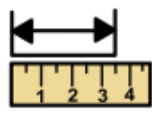

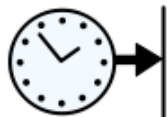

4. Write down the order of people. You can use the sheet on the

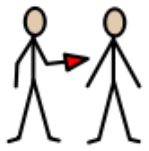

website to help you.

5

5. Now it's time to measure! Find a tape measure or use a height chart

if

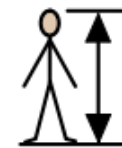

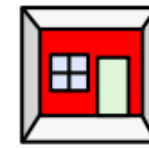

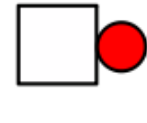

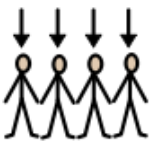

1

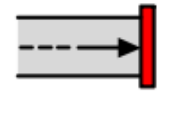

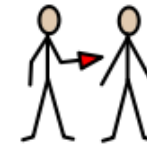

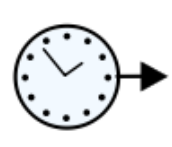

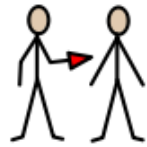

if you have one at home.

6

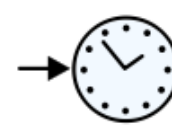

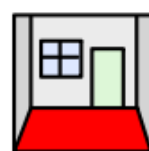

6. Get everyone to come and stand next to a wall or the height chart

1

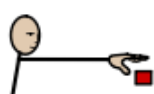

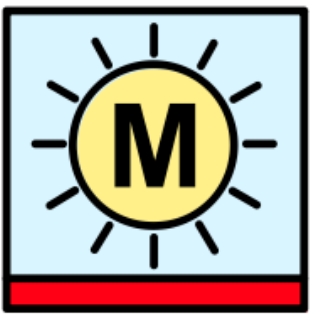

one at a time. You will need someone to help you hold the end

of the tape measure on the floor and carefully pull it up until it

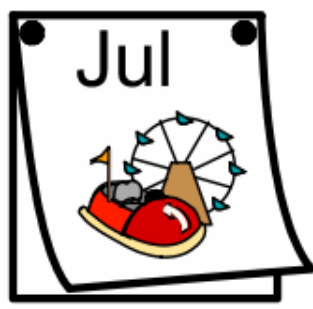

reaches the top of the person's head.

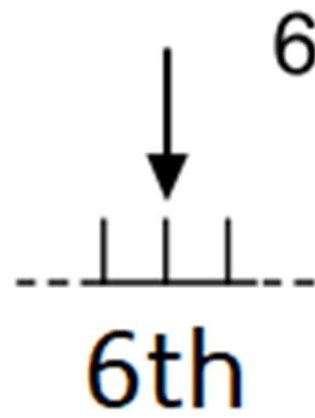

Monday

July

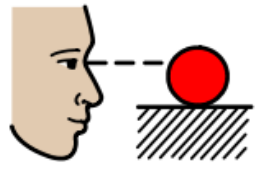

6th

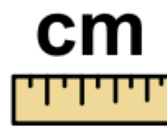

Maths

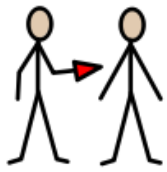

7

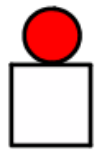

123

7. Now look at the number in centimetres and get someone

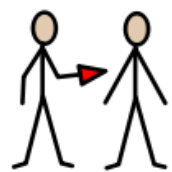

to help you write it down. You can use the recording

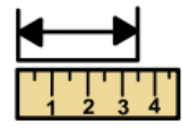

sheet again on the website.

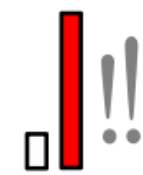

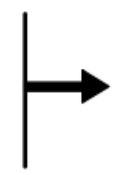

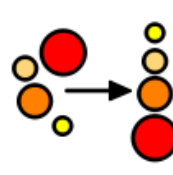

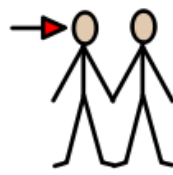

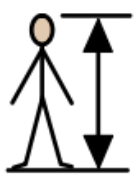

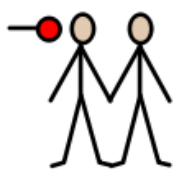

8

3

8. Well done! Now can you find 3 toys and measure

their heights? Put them in order first from tallest to

shortest.

Please send us a photo of you measuring heights on
