

- Practise saying the sounds with your child.
- Watch the Bitesize video with the Word Wizards
- <u>https://www.bbc.co.uk/bitesize/topics/zf2yf4j</u>
- Have a go at the Consonant-Vowel-Consonant (CVC) game on the next few pages. Can you fill in the missing letters? (Page 2 and 3)
- Play I Spy sounds using the picture board on the website.
- Play Initial Sounds Spin and Cover Game? See resource on the website.
- Play the 'Sight Word High Five' game to practise tricky words. Draw around your child's hands and write the tricky words on we have learnt so far. Stick them on a wall and call out a sight word and encourage your child

to go and give the correct word a 'High Five' (See video)

- Tricky Words flash cards are on the website this week.
- You could play 'Stomp and Read'. Draw around your child's feet. Then put the sounds we are learning today. Blend the sounds together to make the words from the CVC game.
- Alternatively draw around your child's hands and do the same (see video).

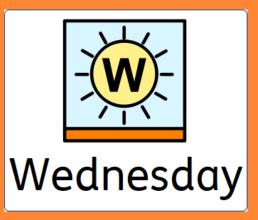

This week's Tricky Words to practise reading:

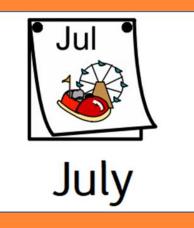

in, are, as, back, by

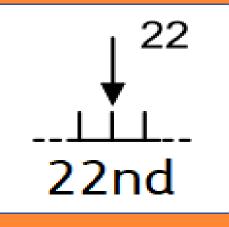

Please see link for more guidance: <u>https://www.phonicsplay.co.uk</u>

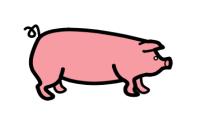

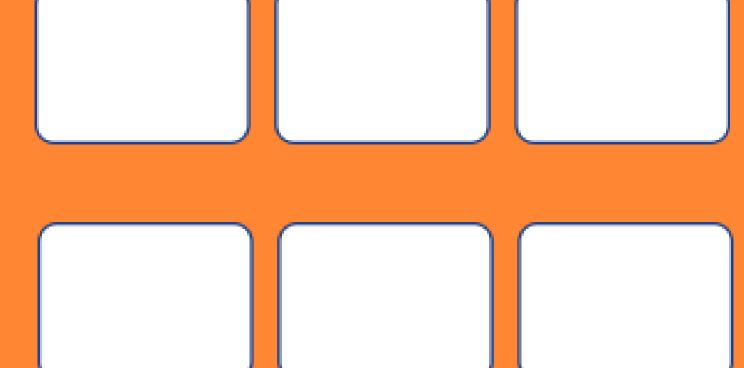

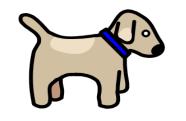

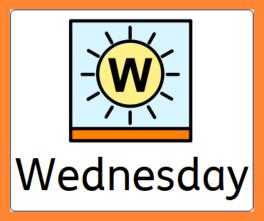

Can you fill in the missing letters for all these words? They will all be letters from the box on the left

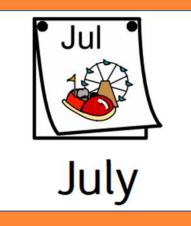

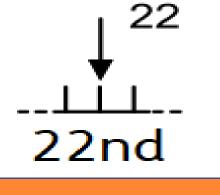

## There are three letters left Do you know what the word is?

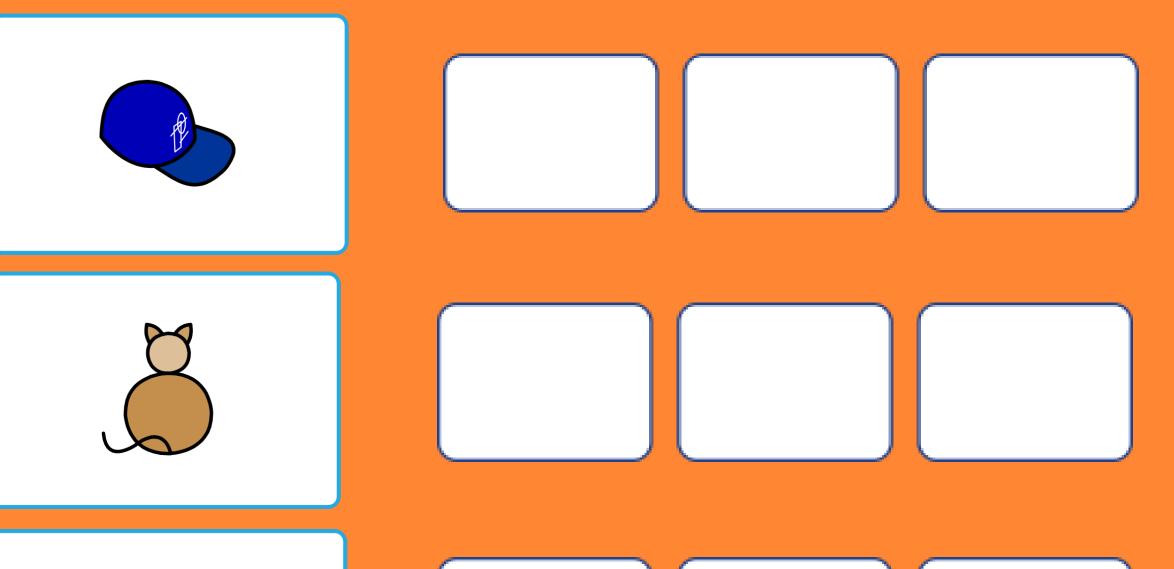

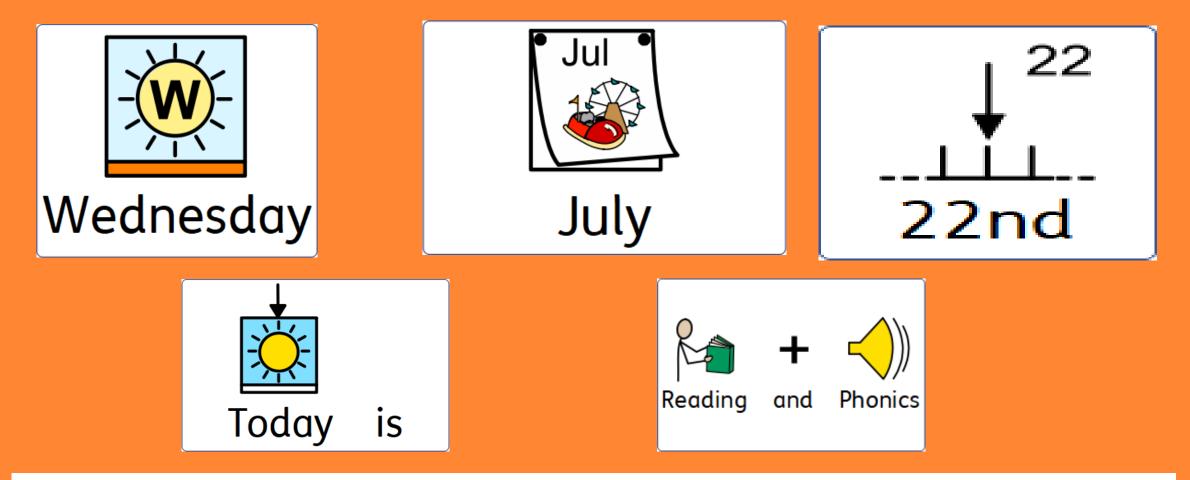

t	k	i	t
С	a	i	d
k	a	р	с

Can you fill in the missing letters for all these words? They will all be letters from the box on the left

# There are three letters left Do you know what the word is?

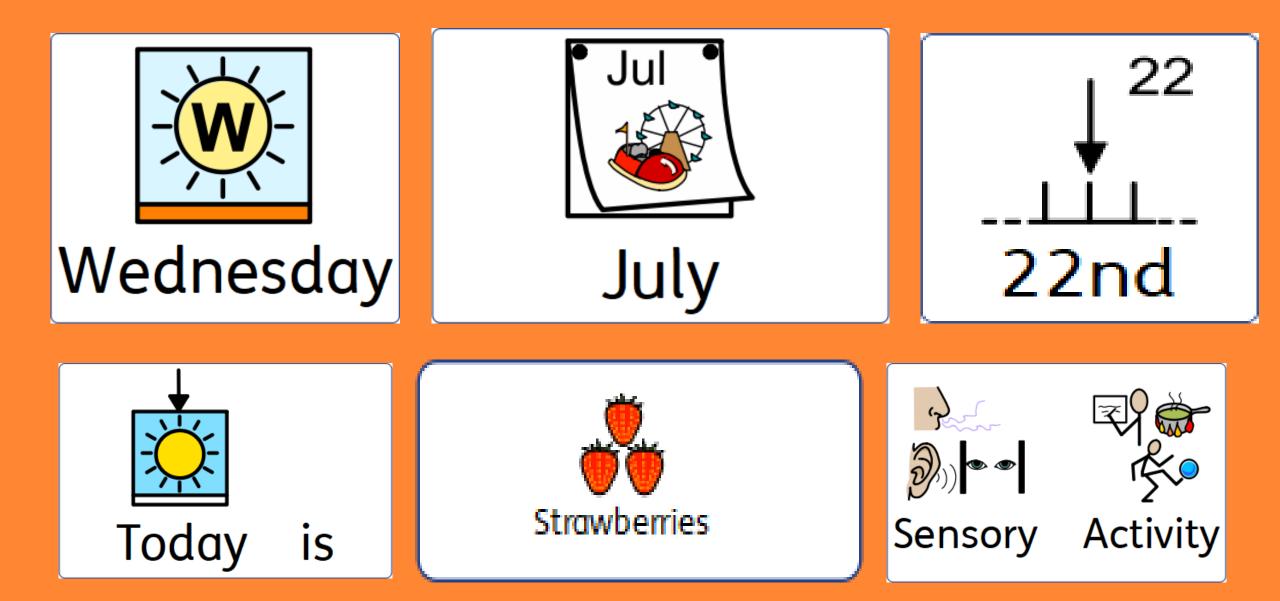

Reading: Read with your child and ask them question using the relevant levels below for guidance.

Level 1 Matching	Source of noise
Find one like this	What can you hear?
Naming actions	Imitation
What are you doing?	Say this
Naming objects	Naming people
What is this/that?	Who is that?
Remembering activities seen/done	Remembering objects in book
What did you see/do?	What did you see?
what did you see/do:	
Level 2 Describe the scene	Identifying differences
What's happened? What is happening?	How are these different?
Remembering information	Naming object from a category
Who? What? Where?	Tell me something that's a (type of)
Finishing a sentence	Identifying object functions
Finish thiseg "I like I wishI can"	Show me the one we use for
"The (object) is (verb/adjective)."	Find something that
Identify and describe characteristics of objects	Attending to 2 characteristics
What size is it? What shape? What colour? How many? How does it taste?	Find something that is and
Smell? Feel? Where is it?	
Level 3 Identify an object used with another	Follow 2 stage directions
	Follow 2 stage directions Do thisand then
Find me one to use with this.	Do thisand then
Find me one to use with this. Describe an event that might happen	Do thisand then Identify similarities
Find me one to use with this. Describe an event that might happen What will happen next?	Do thisand then         Identify similarities         How are these the same?
Find me one to use with this.         Describe an event that might happen         What will happen next?         Retell a routine sequence/Give directions	Do thisand then         Identify similarities         How are these the same?         Understanding negatives/Identify objects by exclusion
Find me one to use with this.Describe an event that might happenWhat will happen next?Retell a routine sequence/Give directionsTell me what to do.	Do thisand then         Identify similarities         How are these the same?         Understanding negatives/Identify objects by exclusion         Which one is not?
Find me one to use with this.         Describe an event that might happen         What will happen next?         Retell a routine sequence/Give directions         Tell me what to do.         Assume role of another	Do thisand then         Identify similarities         How are these the same?         Understanding negatives/Identify objects by exclusion         Which one is not?         Identify alternative
Find me one to use with this.         Describe an event that might happen         What will happen next?         Retell a routine sequence/Give directions         Tell me what to do.         Assume role of another         What would (could/might) they (she/he) do (say/think)?	Do thisand then         Identify similarities         How are these the same?         Understanding negatives/Identify objects by exclusion         Which one is not?         Identify alternative         Tell me something else we could use/do.
Find me one to use with this.         Describe an event that might happen         What will happen next?         Retell a routine sequence/Give directions         Tell me what to do.         Assume role of another         What would (could/might) they (she/he) do (say/think)?         Describe sequence of pictures logically	Do thisand then         Identify similarities         How are these the same?         Understanding negatives/Identify objects by exclusion         Which one is not?         Identify alternative         Tell me something else we could use/do.         Generalise about a set of events
Find me one to use with this.         Describe an event that might happen         What will happen next?         Retell a routine sequence/Give directions         Tell me what to do.         Assume role of another         What would (could/might) they (she/he) do (say/think)?         Describe sequence of pictures logically         Tell me the story/what happened.	Do thisand then         Identify similarities         How are these the same?         Understanding negatives/Identify objects by exclusion         Which one is not?         Identify alternative         Tell me something else we could use/do.         Generalise about a set of events         What happened to all of these?
Find me one to use with this.Describe an event that might happenWhat will happen next?Retell a routine sequence/Give directionsTell me what to do.Assume role of anotherWhat would (could/might) they (she/he) do (say/think)?Describe sequence of pictures logicallyTell me the story/what happened.Change pictures in a sequence	Do thisand then         Identify similarities         How are these the same?         Understanding negatives/Identify objects by exclusion         Which one is not?         Identify alternative         Tell me something else we could use/do.         Generalise about a set of events         What happened to all of these?         Defining a word
Find me one to use with this.Describe an event that might happenWhat will happen next?Retell a routine sequence/Give directionsTell me what to do.Assume role of anotherWhat would (could/might) they (she/he) do (say/think)?Describe sequence of pictures logicallyTell me the story/what happened.Change pictures in a sequenceMake these into a story.	Do thisand then         Identify similarities         How are these the same?         Understanding negatives/Identify objects by exclusion         Which one is not?         Identify alternative         Tell me something else we could use/do.         Generalise about a set of events         What happened to all of these?

Do thisand then         Identify similarities         How are these the same?         Understanding negatives/Identify objects by exclusion         Which one is not?         Identify alternative         Tell me something else we could use/do.         Generalise about a set of events         What happened to all of these?         Defining a word         What is a?
Find me one to use with this.         Describe an event that might happen         What will happen next?         Retell a routine sequence/Give directions         Tell me what to do.         Assume role of another         What would (could/might) they (she/he) do (say/think)?         Describe sequence of pictures logically         Tell me the story/what happened.         Change pictures in a sequence         Make these into a story.         Show me the first/middle/last.         Level 4       Predicting changes         What will happen if?         Justifying a prediction	Do thisand then         Identify similarities         How are these the same?         Understanding negatives/Identify objects by exclusion         Which one is not?         Identify alternative         Tell me something else we could use/do.         Generalise about a set of events         What happened to all of these?         Defining a word         What is a?         Explaining obstacles to a solution         Why can't we?         Explaining an observation
Find me one to use with this.         Describe an event that might happen         What will happen next?         Retell a routine sequence/Give directions         Tell me what to do.         Assume role of another         What would (could/might) they (she/he) do (say/think)?         Describe sequence of pictures logically         Tell me the story/what happened.         Change pictures in a sequence         Make these into a story.         Show me the first/middle/last.         Level 4       Predicting changes         What will happen if?	Do thisand then         Identify similarities         How are these the same?         Understanding negatives/Identify objects by exclusion         Which one is not?         Identify alternative         Tell me something else we could use/do.         Generalise about a set of events         What happened to all of these?         Defining a word         What is a?         Explaining obstacles to a solution         Why can't we?         Explaining an observation         How can we tell?
Find me one to use with this.         Describe an event that might happen         What will happen next?         Retell a routine sequence/Give directions         Tell me what to do.         Assume role of another         What would (could/might) they (she/he) do (say/think)?         Describe sequence of pictures logically         Tell me the story/what happened.         Change pictures in a sequence         Make these into a story.         Show me the first/middle/last.         Level 4       Predicting changes         What will happen if?         Justifying a prediction         Why did/is?         Identifying a cause of an event	Do thisand then         Identify similarities         How are these the same?         Understanding negatives/Identify objects by exclusion         Which one is not?         Identify alternative         Tell me something else we could use/do.         Generalise about a set of events         What happened to all of these?         Defining a word         What is a?         Explaining obstacles to a solution         Why can't we?         Explaining an observation         How can we tell?         Problem solving/Selecting means to a goal
Find me one to use with this.         Describe an event that might happen         What will happen next?         Retell a routine sequence/Give directions         Tell me what to do.         Assume role of another         What would (could/might) they (she/he) do (say/think)?         Describe sequence of pictures logically         Tell me the story/what happened.         Change pictures in a sequence         Make these into a story.         Show me the first/middle/last.         Level 4       Predicting changes         What will happen if?	Do thisand then         Identify similarities         How are these the same?         Understanding negatives/Identify objects by exclusion         Which one is not?         Identify alternative         Tell me something else we could use/do.         Generalise about a set of events         What happened to all of these?         Defining a word         What is a?         Explaining obstacles to a solution         Why can't we?         Explaining an observation         How can we tell?
Find me one to use with this.         Describe an event that might happen         What will happen next?         Retell a routine sequence/Give directions         Tell me what to do.         Assume role of another         What would (could/might) they (she/he) do (say/think)?         Describe sequence of pictures logically         Tell me the story/what happened.         Change pictures in a sequence         Make these into a story.         Show me the first/middle/last.         Level 4       Predicting changes         What will happen if?         Justifying a prediction         Why did/is?         Identifying a cause of an event	Do thisand then         Identify similarities         How are these the same?         Understanding negatives/Identify objects by exclusion         Which one is not?         Identify alternative         Tell me something else we could use/do.         Generalise about a set of events         What happened to all of these?         Defining a word         What is a?         Explaining obstacles to a solution         Why can't we?         Explaining an observation         How can we tell?         Problem solving/Selecting means to a goal

What could you do? How could we fix it?	Why should we use/do that?
Explaining construction of objects	Explaining emotions/reactions of people/objects
Why is made of?	Why is doing that?

Have you got a cosy corner or den where you could share stories together? Perhaps you could make one together.

### **Today's Sensory Theme is: Strawberries!**

<u>Cooking</u> Strawberry and Quinoa Breakfast Bars See instructions on the website along with symbols to support your child with the cooking session.

Encourage the children to feel, smell and taste the strawberries.

### Art Bubble Wrap Printing (See video on website)

Sensory art engages children as they take part in the creative process and helps them make

sense of the world around them by feeling, touching, hearing and seeing.

#### What you need:

Strawberry blank cut out shape (see website), bubble wrap, ready made children's paint in red and green. Paint your 'red' paint onto the bubble wrap to get an even coverage then print your card. Paint your green stalk with a paint brush or your fingers!

Have fun popping the bubble wrap!!
