

# Key Stage 1 Class News Autumn 2024

## Things to note for your class

Please ensure clothes, snack and lunchboxes, and water bottles are named.

Many thanks, KS1 Team.

Although the weather is currently kind to us, please remember to send in wet weather gear (named, waterproof jacket and wellies if requested), so our pupils can continue to enjoy their playtimes outside and any outdoor learning later in the term.

Thank you!

Any questions, please pop a note in the Home:School Diary.

## This Term

Cloud, Butterflies and Bees classes have all settled well into their new learning environments.

We have spent the past few weeks getting to know each other through play and 'in the moment' learning. We have been getting used to our new routines, exploring our new classrooms, outdoor areas and making relationships with the staff and our peers in classes.

Our topic this half term is 'Marvellous Me'. We have enjoyed exploring our bodies and faces in particular and thinking about what we like and don't like. This is helping the adults learn more about us as individuals, as a class and what we need to be the best learners we can be.

Once we are more familiar, and confident within using the space within our immediate environment, we will begin to access the curriculum in the wider school. After half term each class will begin swimming. Your child's class teacher will let you know which day this will be for your child.

The children have all now been sent home a reading book and library book. These will be changed weekly, please do share these with your child as regularly as possible at home.

We look forward to the learning journey we will have together in KS1.
